Crime Stoppers of Minnesota was established in the Twin Cities in 1979. Crime Stoppers' mission is to assist Law Enforcement Agencies in solving crimes with the help of anonymous tips provided by the public. Crime Stoppers gives cash rewards for information leading to the arrest and charging of suspects. The callers providing the tips can remain anonymous. Over the years this program has proven to be a very effective strategy in solving crime. Crime Stoppers provides the community with a safe alternative to silence.

These State, Federal and local community leaders are united in their support for Crime Stoppers of Minnesota and their mission to make our communities safer places to live and work.
